

LTE ACCESSORY KIT E3BLTE2

FOR CONTROLLER CHARGING POLES eMC2/eMC3

This accessory kit can be used to retrofit a wireless connection between a Controller charging pole type eMC2/eMC3 and a backend. After installation, the E3BLTE2 uses the LTE mobile communication standard for optimal connection to a backend. Apart from the LTE USB stick for installing a micro SIM card, the accessory kit also contains a Type USB A extension cable.

General information

Model	LTE accessory kit for installation in charging poles eMC2/eMC3
Product number	E3BLTE2
EAN number	4011721182889
Commodity code	85176200
Packaging unit (PU)	1 unit
Items supplied	LTE USB stick, USB extension cable, installation materials, download notice

Product details

Type	LTE stick for installing a micro SIM card (3ff), with USB A plug
Connector	Via the USB A port of the SBC
