O-DO-100-S-2	Ochno Socket. 1m cable length, Black anodized aluminium surface finish
O-DO-100-M-2	Ochno Socket. 1m cable length, Brass anodized aluminium surface finish
O-DO-100-K-2	Ochno Socket. 1m cable length, Copper anodized aluminium surface finish

Product Information

The Ochno Socket allows for a minimalistic and stylize integration of USB-C connectivity into a table surface and gives easy access to charging, video presentation and video conferencing to any laptop.

This product can be used in combination with Ochno Power Conference 2 and 3, but also with any USB-C charger on the market.

For charging of 100W or more, the total cable length of the Ochno Socket + the attached USB-C to USB-C cable can't be longer than 2 meter.

It is not recommended to use with non-Ochno docking stations due to the differences in cable lengths and signal characteristics.
